How to set up the Lulu's job options?

1. Download Lulu's job options

• Go to Lulu's printing parameters page here: http://connect.lulu.com/t5/
De-Opmaak-van-de-Binnenkant/Hoe-kan-ik-er-voor-zorgen-dat-mijn-PDF-
goed-wordt-afgedrukt/ta-p/33399

• Download one of the two following files:

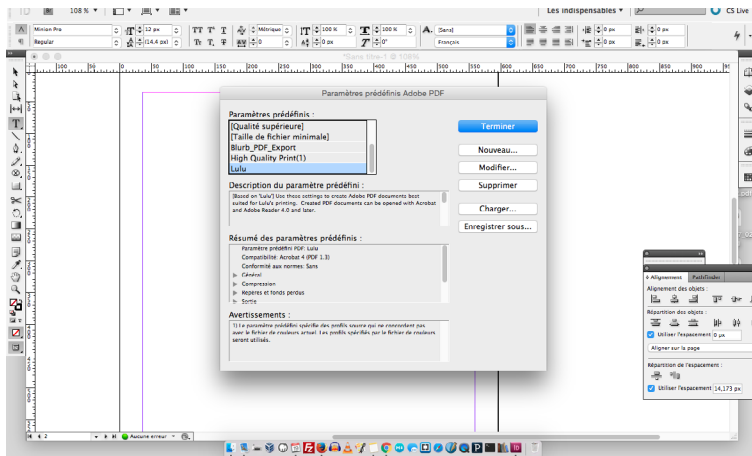

2. Install Lulu's job's options

• In the InDesign menu go to: File > Adobe PDF Presets > Define

• Click Load and select the **.joboptions** file you want to load.

• The **.joboptions** file is copied to the Settings folder where new PDF presets are stored.

• Save your settings.
